

Tips, Info, etc.

- If you're in a group where someone doesn't speak German, the whole group should speak English as much as possible.
- Make people feel welcome!
- If someone came with an empty stomach, go grab food early on.
- If the group has shrunk to 1-3 people, check in the chat if you want to join others.
- After ~20:30 many bars will be full, consider staying for a second round if you're having fun. The next bars might be full.
- In general, 1-2 drinks per bar works well.
